The Little Giant Encyclopedia of Names May 05 2021 This comprehensive and thoroughly engaging reference examines the origins and meanings of thousands of first and last names, presented alphabetically. It also lists the 40 most popular male and female given names in the United States since 1930; the 1,000 most commonly found family names in the U.S. organized according to popularity; and the top 100 family names in each of the 50 states. An indispensable encyclopedia for anyone interested in looking up his or her name or finding one for a baby.

Runes Sep 28 2020 Tap into the age-old, secret power of runes to create a better and more enriching life. Generally associated with the ancient Northern Europeans, runes are magical symbols that convey the story of creation, life, destruction, and rebirth, and how these forces constantly affect our many levels of being. Runes connect with your body, mind, and spirit, as well as the environment, and are ideal for use in psychological integration, spiritual growth, healing, and magic. Learn the history of runes and the meanings and associations of each symbol. Then discover a wide variety of ways runes can help you find answers to personal questions, increase self-awareness, relieve stress, gain a sense of personal empowerment, and clear out blockages in your life. As you work with these mystical tools you'll find within them the power to transform yourself.

Spells and Magic Mar 15 2022 This extraordinary reference covers witches, shamen, voodoo priests and priestesses, and oracles; provides the low-down on pentagrams, exorcisms, coven rituals, and conjuring spirits; and tells how to cast spells for protection, invisibility, and illness prevention. Illustrations.

The Giant Encyclopedia of Learning Center Activities Sep 21 2022 This book contains hundreds of accessible, teacher-written learning center activities. The GIANT Encyclopedia of Learning Center Activities is the eighth book in Gryphon House's GIANT Encyclopedia series. The learning centers in this book can either be permanent year-long centers or set up and removed according to the season or children's interests and needs. Through play, young children learn to communicate, interact, and expand their cognitive thinking horizons. The GIANT Encyclopedia of Learning Center Activities provides the resources to make play meaningful and educational for young children. This book offers: Over 600 activities and 47 learning centers, including familiar, permanent centers, such as Art or Blocks, and new and exciting centers, such as Farm, Space, Safari, Shoe Store, and Ice Cream Shop. Opportunities in each center for children to work at their own developmental level. Materials lists for each activity, step-by-step instructions, and related books, songs, and poems. Fresh new ideas from teachers who have used these activities in their own classrooms!

Encyclopedia of Numerology Apr 04 2021 The secret to our destiny lies in the numbers. With the more than 500 fascinating pages on the theory and practice of numerology packed into this little powerhouse, anyone can become an expert on the subject. Like astrology, numerology is based on birth date, but it uses names, too. Each letter of the alphabet has a matching number (from 1 to 9), and that's where the illumination begins. Seekers will enjoy a new understanding of their numerological fortunes, including the Soul Urge, which motivates our actions; the Quiet Self, which reveals our inner desires; and The Expression, which explains how to accomplish our goals. Like every Little Giant, this entry presents an extraordinary amount of

information in a convenient format, with dozens of charts, tables and graphs.

The Encyclopedia of Ancient Giants in North America Nov 30 2020 The Encyclopedia of Ancient Giants in North America chronicles two distinct waves of giant humans migrating to North America. As early as 7,000 B.C., strange people arrived on the North American shores of gigantic size with Neanderthal looking skulls. Their spread across the American landscape is documented not only by their massive skeletons but by an identical material culture that was found buried with their remains. Double rows of teeth and skulls with protruding horns make them one of America's most intriguing mysteries. At the advent of the Bronze Age another migration of giant humans found their way to North America. A persistent legend exists with Native Americans of a people who came to trade and mine the copper from the Upper Great Lakes. They left an indelible mark upon the landscape of the Ohio Valley with their large burial mounds and earthworks aligned to solar, lunar and stellar events. The measurements of these works reveal that they were constructed with the knowledge of advanced mathematics. The discovery of giant humans in North America is the result of pouring through over 10,000 State, County and Township histories at one of the largest genealogical libraries in America. Hundreds of additional accounts were also found within newspaper archives. The result is the Largest Compilation of Giant Human Skeletons Discovered in North America in Print. 888 Human Giants Giants in 47 States Mass Graves of Ancient Dwarfs Fairies and Paranormal Activity at Burial Mounds and Earthworks Giant Mummies

The Encyclopedia of Early Earth Aug 28 2020 A beautifully illustrated book of imaginary fables about Earth's early--and lost--history. Before our history began, another--now forgotten--civilization thrived. The people who roamed Early Earth were much like us: curious, emotional, funny, ambitious, and vulnerable. In this series of illustrated and linked tales, Isabel Greenberg chronicles the explorations of a young man as he paddles from his home in the North Pole to the South Pole. There, he meets his true love, but their romance is ill-fated. Early Earth's unusual and finicky polarity means the lovers can never touch. As intricate and richly imagined as the work of Chris Ware, and leavened with a dry wit that rivals Kate Beaton's in Hark! A Vagrant, Isabel Greenberg's debut will be a welcome addition to the thriving graphic novel genre.

The Little Giant Encyclopedia of Superstitions Dec 12 2021 Broken up into categories such as Animals, Astrology, Dreams, and Flowers, this fascinating dictionary will alert you to thousands of beliefs, omens, and proverbs that you may never have known. Many other subjects range from Clothing to Food to Marriage numbers.

The Giant Encyclopedia of Theme Activities for Children 2 to 5 Jan 13 2022

The Little Giant Encyclopedia of Logic Puzzles Sep 09 2021 Have fun while you expand your powers of deductive reasoning! Every one of these puzzles calls for conclusions based only on the information provided; the answers don't depend on previous knowledge, memory, wordplay, or deception--just a logical mind. Accept the alternatives that lead to the correct response and discard all faulty assumptions until you've arrived at the only possibility that makes sense. There are eight kinds of puzzle, and in most cases diagrams help organize your results. Here's one example: A supermarket theft has occurred. Someone took a fully loaded cart without paying for the groceries. One of the three suspects is guilty--but which one? The guilty party's statement is true; the other two are false. Who is guilty? A. B took the cart loaded with groceries B. A's statement is true C. A's statement is false Answer: C is the guilty party.

Little Giant Encyclopedia: Card Games Aug 08 2021 "Whether you invite friends over for a couple of rounds of Ace-duce-jack or organize a family night with the kids to play Slapjack, you're in for a good time with this huge collection of cards games. A cross-referenced index makes it easy to find a game by name, number of players, or type (general, gambling, solitaire, children's), while easy-to-understand rules and strategies make getting started a

breeze. Here's one encyclopedia that's packed with great entertainment!"--Back cover.

Giants Monsters and Dragons Feb 02 2021 Contains alphabetically arranged entries that describe the imaginary creatures found in legends, religions, folklore, oral history, and theologies around the world.

The Little Giant Encyclopedia of Outrageous Excuses Jul 27 2020 Every time you mess up, you feel the need to make an excuse. If you're tired of offering the same old tired explanations, take your pick from this encyclopedic collection of hundreds of excuses you've never used before. They're organized into categories like medical emergencies ("I have a chemical imbalance"), weather ("the humidity swelled my door shut"), ancient proverbs ("nothing is inevitable until it happens"), and reasons that make no sense ("I did my own thing and now I have to undo it"). You can even pick the perfect excuse for particular people: boss, spouse, date, or cop. Serious excuse makers will appreciate the psychological interpretations of various responses, to make sure you pick the right one for every situation.

The Giant Encyclopedia of Kindergarten Activities Jun 18 2022 Tested by teachers in their own classrooms, the 600 educational activities collected in this book are designed to help five-year-olds develop physical, cognitive, language, and social skills, and are divided into 24 themes, such as art, games, holidays, math, music, outdoor play, nature, and snacks.
