Tying Flies for Stocked Trout Feb 02 2021
Can you design and tie flies especially for stocked trout and delayed harvest fishing? Yes, you can - and Tying Flies for Stocked Trout shows how. The author looked at factors that drive the behavior of stocked trout and then used what he learned to pinpoint flies (including

a number of original patterns) that are especially effective on stocked trout. This book presents step-by-step instructions for tying those flies, with a look at why each fly is designed and tied the way it is as well as clear and highly detailed illustrations showing each step. Also included are practical tips for fishing each fly. There's plenty of insight to allow readers to use the ideas in this book to design, create and customize even more patterns of their own design.

Exposing Universalism Jul 27 2020 In recent decades universal reconciliation (UR) has sharpened its attack on evangelical faith. By their fiction and nonfiction, and by film (The Shack), universalists such as Paul Young, Brian McLaren, Rob Bell, and others are propagating the idea that the love of God trumps all other attributes of God including his holiness and justice. From this starting point universalists believe that all people are born as children of God, that all are going to heaven, that all must embrace God's love. Those who reject God in this life will repent after death and escape hell. Even the devil and his angels will repent from hell and go to heaven. Universalism is an old idea. Christians have confronted UR since the third century and refuted it as heresy--heresy because UR believes that faith in Jesus is unnecessary. Thus, the death of Jesus Christ as an atonement for sin becomes unnecessary. Through his acquaintance with Paul Young, De Young is increasingly concerned that Young and other universalists are misleading many. In this book De Young challenges all the arguments that universalists make--their appeals to the Bible, to logic and reason, and to church history--and shows that they are unconvincing.

The Prester Quest Dec 20 2019 In 1177, Pope Alexander III wrote a letter to the legendary Priest-King of the Indies, Prester John. As his emissary he chose his physician Master Philip. No one knew where the elusive monarch's

kingdom lay (or whether he even existed), but Master Philip was undeterred and set out from Rome...and was never heard of again. Centuries later Nick Jubber found a copy of the Pope's letter and conceived a plan: to complete Master Philip's mission and deliver the letter, albeit eight hundred and twenty four years late. Crammed full of arcane history and learned trivia, both ancient and modern, *The Prester Quest* is the author's colourful account of a remarkable journey that began in Italy, encompassed the Middle East and ended in Ethiopia, at the subterranean tomb of a medieval king. Combining a young man's enthusiasm with an historian's understanding of time and place and a traveller's eye for the people and places he meets on the way, it's an ebullient, extremely readable (and somewhat eccentric) account of an extraordinary adventure.

Girl on a Pony Jun 25 2020 *Girl on a Pony* is a gritty, humorous, unflinchingly courageous story of five children growing up on a cattle ranch in the remote Valley of the Dry Cimarron in northeastern New Mexico near the little border town of Kenton, Oklahoma. Narrated years later by the oldest daughter, LaVerne, it is a vivid and authentic portrait of ranching life between the two world wars, from 1925, when the family moved to the Goodson Ranch from a half-dugout claim shack in Colorado, to 1936, when they began to disperse -- Book jacket.

Dining at the Lineman's Shack Jul 07 2021 Mountain lion barbacoa. Margarita's yam soufflé. Pastel de Choclo, a.k.a. Rodeo Pie. And for dessert, perhaps, Miss Ruby Cupcakes. These are but a few of the gustatory memories of John Weston that waft us on a poignant journey into the past in the company of a gifted writer and unabashed bon vivant. The place is Skull Valley in central Arizona, the time the 1930s. Taking food as his theme, Weston paints an instructive and often hilarious portrait of growing up, of rural family life under difficult circumstances, and of a remote Arizona community trying to hold body and soul together during tough times. His book recalls life in a lineman's shack, interlaced with "disquisitions on swamp life, rotting water, and the complex experience of finding enough to eat during the Great Depression." Central to Weston's account is his mother Eloine, a valiant woman rearing a large brood in poverty with little help from her husband. Eloine cooks remarkably well—master of a small repertory from which she coaxes ideas surprising even to herself—and feeds her family on next to nothing. She is a woman whose first instinct is to cry out "Lord, what am I going to feed them" whenever visitors show up close to mealtime. Recalls Weston, "Her strength lay in a practical- and poverty-born sense that there must be more edible food in the world than most people realized," and he swears that six out of seven meals were from parts of four or five previous meals coming round again, like the buckets on a Ferris wheel. Although Weston evokes a fond remembrance of a bygone era that moves from Depression-era Skull Valley to wartime Prescott, rest assured: food—its acquisition, its preparation, its wholehearted

enjoyment—is the foundation of this book. "I did not have a deprived childhood, despite its slim pickings," writes Weston. "If I recall a boiling pig's head now and then, it is not to be read as some Jungian blip from Lord of the Flies but simply a recurring flicker of food-memory." Whether remembering his father's occasional deer poaching or his community's annual Goat Picnic, Weston laces his stories with actual recipes—even augmenting his instructions for roasted wild venison with tips for preparing jerky. Dining at the Lineman's Shack teems with sparkling allusions, both literary and culinary, informed by Weston's lifetime of travels. Even his nagging memory of desperate boyhood efforts to trade his daily peanut-butter sandwich for bacon-and-egg, baloney, jelly, or most anything else is tempered by his acquaintance with "the insidious sa-teh sauce in Keo Sananikone's hole-in-the-wall restaurant on Kapahulu Street"—a peanut-butter-based delicacy for which he obligingly provides the ingredients (and which he promises will keep, refrigerated in a jar, for several weeks before baroque things begin to grow on it). Through this tantalizing smorgasbord of memories, stories, and recipes, John Weston has fashioned a wholly captivating commentary on American culture, both in an earlier time and in our own. Dining at the Lineman's Shack is a book that will satisfy any reader's hunger for the unusual—and a book to savor, in every sense of the word.
