The story of two refugee families and their hope and resilience as they fight to survive and belong in America The welcoming and acceptance of immigrants and refugees has been central to America's identity for centuries--yet America has periodically turned its back at the times of greatest humanitarian need. After the Last Border is an intimate look at the lives of two women as they struggle for the twenty-first century American dream, having won the "golden ticket" to settle as refugees in Austin, Texas. Mu Naw, a Christian from Myanmar struggling to put down roots with her family, was accepted after decades in a refugee camp at a time when America was at its most open to displaced families; and Hasna, a Muslim from Syria, agrees to relocate as a last resort for the safety of her family--only to be cruelly separated from her children by a sudden ban on refugees from Muslim countries. Writer and activist Jessica Goudeau tracks the human impacts of America's ever-shifting refugee policy as both women narrowly escape from their home countries and begin the arduous but lifesaving process of resettling in Austin, Texas--a city that would show them the best and worst of what America has to offer. After the Last Border situates a dramatic, character-driven story within a larger history--the evolution of

modern refugee resettlement in the United States, beginning with World War II and ending with current closed-door policies--revealing not just how America's changing attitudes toward refugees has influenced policies and laws, but also the profound effect on human lives. "American Politics and Government Today" teaches students exactly what they need to know to succeed in the course and become informed citizens. The part structure and chapter organization clearly maps to the five AP® U.S. Government and Politics units, for close alignment with the course framework.

In each chapter, integrated policy coverage allows students to see how social, economic, or foreign policy relates to real-life situations, while AP®-style multiple-choice questions and the full range of free response questions offer students practice opportunities at the end of each chapter"-- In 2014, College Board rolled out a new AP® U.S. History course, which centered less on memorizing content and more on developing skills. Since then, the course has been modified here and there, but very little has changed in AP® textbooks--content is still king. Until now. Fabric of a Nation is the first book to truly embrace this dramatic shift in the AP® course and in how history is taught. Built from the ground up by long-time AP® leaders Jason Stacy and Matthew Ellington, this book offers a new approach to AP® US History by seamlessly integrating: A brief historical narrative AP® skills practice Primary source documents Exact alignment to the AP® course Now, that's revolutionary! The new edition of American Pageant, the leading program for AP U.S. history, now reflects the redesigned AP Course and Exam that begins with the 2014-2015 school year. The 16th edition helps prepare students for success on the AP Exam by 1) helping them practice historical thinking skills, pulling together concepts with events, and 2) giving them practice answering questions modeled after those they'll find on the exam. The new edition adds a two-page opener/preview to every chapter, guiding students through the main points of the chapter and using questions and elements tied to the AP Curriculum Framework to help them internalize the chapter more conceptually. Also new are additional End-of-Part multiple-choice and short answer questions reflecting the changes to the exam. Practice DBQs and other free response essay questions will still be found at the back of the book. Keyed to the 8th and 9th editions of Wilson/DiIulio's American government, this book includes a diagnostic test, practice questions, full-length practice tests as well as graphs and tables to help students learn to analyze data.
