Films of Endearment Feb 14 2022 "A lovely and loving book."—Will Schwalbe, New York Times bestselling author of *The End of Your Life Book Club* "I'm not sure I have ever read a book about movies that is as tender and open-hearted as *Films of Endearment*."—Mark Harris, New York Times bestselling author of *Mike Nichols: A Life* A poignant memoir of family, grief and resilience about a young man, his dynamic mother and the '80s movies they shared together Michael Koresky's most formative memories were simple ones. A movie rental. A mug of tea. And a few shared hours with his mother. Years later and now a successful film critic, Koresky set out on a journey with his mother to discover more about their shared cinematic past. They rewatched ten films that she first introduced to him as a child, one from every year of the '80s, each featuring women leads. Together, films as divergent as *9 to 5*, *Terms of Endearment*, *The Color Purple* and *Aliens* form the story of an era that Koresky argues should rightly be called "The Decade of the Actress." *Films of Endearment* is a reappraisal of the most important and popular female-driven films of that time, a profound meditation on loss and resilience, and a celebration of the special bond between mothers and their sons.

The Elements of Investing Aug 08 2021 Seize control of your financial future with rock-solid advice from two of the world's leading investment experts Investors today are bombarded with conflicting advice about how to handle the increasingly volatile stock market. From pronouncements of the "death of diversification" to the supposed virtues of crypto, investors can be forgiven for being thoroughly confused. It's time to return to the basics. In the 10th Anniversary Edition of *The Elements of Investing: Easy Lessons for Every Investor*, investment legends Burton G. Malkiel and Charles D. Ellis deliver straightforward, digestible lessons in the investment rules and principles you need to follow to mitigate risk and realize long-term success in the markets. Divided into six essential elements of investing, this concise book will teach you how to: Focus on the long-term and ignore short-term market fluctuations and movements Use employer-sponsored plans to supercharge your savings and returns and minimize your taxes Understand crucial investment subjects, like diversification, rebalancing, dollar-cost averaging, and indexing So, forget the flavor of the week. Stick with the timeless and invaluable advice followed by the world's most successful retail

investors.

Tenth of December Apr 04 2021 The prize-winning, New York Times bestselling short story collection from the internationally bestselling author of *Lincoln in the Bardo* 'The best book you'll read this year' New York Times 'Dazzlingly surreal stories about a failing America' Sunday Times WINNER OF THE 2014 FOLIO PRIZE AND SHORTLISTED FOR THE NATIONAL BOOK AWARD 2013 George Saunders's most wryly hilarious and disturbing collection yet, *Tenth of December* illuminates human experience and explores figures lost in a labyrinth of troubling preoccupations. A family member recollects a backyard pole dressed for all occasions; Jeff faces horrifying ultimatums and the prospect of Darkenfloxx(TM) in some unusual drug trials; and Al Roosten hides his own internal monologue behind a winning smile that he hopes will make him popular. With dark visions of the future riffing against ghosts of the past and the ever-settling present, this collection sings with astonishing charm and intensity.

Glitter and Glue Nov 30 2020 NEW YORK TIMES BESTSELLER • A memoir from the author of *The Middle Place* about mothers and daughters—a bond that can be nourishing, exasperating, and occasionally divine. When Kelly Corrigan was in high school, her mother neatly summarized the family dynamic as “Your father’s the glitter but I’m the glue.” This meant nothing to Kelly, who left childhood sure that her mom—with her inviolable commandments and proud stoicism—would be nothing more than background chatter for the rest of Kelly’s life, which she was carefully orienting toward adventure. After college, armed with a backpack, her personal mission statement, and a wad of traveler’s checks, she took off for Australia to see things and do things and Become Interesting. But it didn’t turn out the way she pictured it. In a matter of months, her savings shot, she had a choice: get a job or go home. That’s how Kelly met John Tanner, a newly widowed father of two looking for a live-in nanny. They chatted for an hour, discussed timing and pay, and a week later, Kelly moved in. And there, in that house in a suburb north of Sydney, 10,000 miles from the house where she was raised, her mother’s voice was suddenly everywhere, nudging and advising, cautioning and directing, escorting her through a terrain as foreign as any she had ever trekked. Every day she spent with the Tanner kids was a day spent reconsidering her relationship with her mother, turning it over in her hands like a shell, straining to hear whatever messages might be trapped in its spiral. This is a book about the difference between travel and life experience, stepping out and stepping up, fathers and mothers. But mostly it’s about who you admire and why, and how that changes over time. Praise for *Glitter and Glue* “I loved this book, I was moved by this book, and now I will share this book with my own mother—along with my renewed appreciation for certain debts of love that can never be repaid.”—Elizabeth Gilbert, New York Times bestselling author of *Eat, Pray, Love* “Kelly Corrigan’s thoughtful and beautifully rendered meditation invites readers to reflect on their own launchings and homecomings. I accepted the invitation and learned things about myself. You will, too. Isn’t that why we read?”—Wally Lamb, New York Times bestselling author of *We Are Water* “Kelly Corrigan is no stranger to mining the depths of her heart. . . . Through her own experience of caring for children, she begins, for the first time, to appreciate the complex woman who raised her.”—O: The Oprah Magazine

The Great Movies IV Dec 24 2022 "Previous versions of these essays have appeared in the Chicago Sun-Times, 1997, 1999, 2006, and 2009-2013."

The Mathematics of Language Aug 20 2022 Research monographs (which may be based on PhD works).

MyBizLab is not a self-paced technology and should only be purchased when required by an instructor.

Michael Curtiz Dec 12 2021 Academy Award--winning director Michael Curtiz (1886--1962) -- whose best-known films include *Casablanca* (1942), *Yankee Doodle Dandy* (1942), *Mildred Pierce* (1945) and *White Christmas* (1954) -- was in many ways the anti-auteur. During his unprecedented twenty-seven year tenure at Warner Bros., he directed swashbuckling adventures, westerns, musicals, war epics, romances, historical dramas, horror films, tearjerkers, melodramas, comedies, and film noir masterpieces. The director's staggering output of 180 films surpasses that of the legendary John Ford and exceeds the combined total of films directed by George Cukor, Victor Fleming, and Howard Hawks. In the first biography of this colorful, instinctual artist, Alan K. Rode illuminates the life and work of one of the film industry's most complex figures. He begins by exploring the director's early life and career in his native Hungary, revealing how Curtiz shaped the earliest days of silent cinema in Europe as he acted in, produced, and directed scores of films before immigrating to the United States in 1926. In Hollywood, Curtiz earned a reputation for his explosive tantrums, his difficulty communicating in English, and his disregard for the well-being of others. However, few directors elicited more memorable portrayals from their casts, and ten different actors delivered Oscar-nominated performances under his direction. In addition to his study of the director's remarkable legacy, Rode investigates Curtiz's dramatic personal life, discussing his enduring creative

partnership with his wife, screenwriter Bess Meredyth, as well as his numerous affairs and children born of his extramarital relationships. This meticulously researched biography provides a nuanced understanding of one of the most talented filmmakers of Hollywood's golden age.

Red Pedagogy Oct 10 2021 This ground-breaking text explores the intersection between dominant modes of critical educational theory and the socio-political landscape of American Indian education. Grande asserts that, with few exceptions, the matters of Indigenous people and Indian education have been either largely ignored or indiscriminately absorbed within critical theories of education. Furthermore, American Indian scholars and educators have largely resisted engagement with critical educational theory, tending to concentrate instead on the production of historical monographs, ethnographic studies, tribally-centered curricula, and site-based research. Such a focus stems from the fact that most American Indian scholars feel compelled to address the socio-economic urgencies of their own communities, against which engagement in abstract theory appears to be a luxury of the academic elite. While the author acknowledges the dire need for practical-community based research, she maintains that the global encroachment on Indigenous lands, resources, cultures and communities points to the equally urgent need to develop transcendent theories of decolonization and to build broad-based coalitions.

Veterinary Anaesthesia E-Book Mar 03 2021 This is a fully revised new edition of this essential text covering anaesthesia and analgesia in all large and small animal species. The new edition has greatly expanded sections on anaesthesia of exotic species such as small mammals, llamas, camels and many more, and also has a new section on anaesthesia of wild animals, both large and small, and birds. Full revision and update of content

The Learning to Learn Program Dec 20 2019 To develop, learn, and have meaningful relationships with other people, toddlers with autism need a core set of foundation skills on which to build. The Learning to Learn Program is designed for early intervention providers to use with families and caregivers. It includes assessment checklists, suggested goals and outcomes, along with specific intervention strategies for facilitating development of five core foundation skills including 1) nonverbal imitation, 2) joint attention, 3) sensory processing and self-regulation, 4) purposeful play, and 5) early language development. Young children with autism and other neurodevelopmental delays often struggle with acquisition of these critical skills. When these foundation skills are absent or inconsistently displayed, it is difficult for struggling learners to make functional gains. This program offers a roadmap for helping young children with autism build foundation skills through playful interactions with parents and caregivers.

[Religion and Its Impact on Organizational Behavior](#) May 17 2022 Religion and its effect on individuals in organizations is critical to understand as organizational behavior and culture are dependent upon individual employees. Evaluating the link between religion and organizations is important in today's world in order to develop organizations and understand employee motivations, perspectives, and ideals. Further research into this link is needed to ensure organizations operate successfully and prosper. Religion and Its Impact on Organizational Behavior seeks to enhance the

understanding of theories, concepts, procedures, and processes related to the impact and effect that religion has on the behavior of individuals in organizations. Covering a range of topics such as personality and religion, human perception of religion, and work-related attitudes, this book is ideal for practitioners, industry professionals, business owners, policymakers, researchers, academicians, instructors, and students.

Fundamentals of Geomorphology May 25 2020 This extensively revised, restructured, and updated edition continues to present an engaging and comprehensive introduction to the subject, exploring the world's landforms from a broad systems perspective. It covers the basics of Earth surface forms and processes, while reflecting on the latest developments in the field. *Fundamentals of Geomorphology* begins with a consideration of the nature of geomorphology, process and form, history, and geomorphic systems, and moves on to discuss: structure: structural landforms associated with plate tectonics and those associated with volcanoes, impact craters, and folds, faults, and joints process and form: landforms resulting from, or influenced by, the exogenic agencies of weathering, running water, flowing ice and meltwater, ground ice and frost, the wind, and the sea; landforms developed on limestone; and landscape evolution, a discussion of ancient landforms, including palaeosurfaces, stagnant landscape features, and evolutionary aspects of landscape change. This third edition has been fully updated to include a clearer initial explanation of the nature of geomorphology, of land surface process and form, and of land-surface change over different timescales. The text has been restructured to incorporate information on geomorphic materials and processes at more suitable points in the book. Finally, historical geomorphology has been integrated throughout the text to reflect the importance of history in all aspects of geomorphology. *Fundamentals of Geomorphology* provides a stimulating and innovative perspective on the key topics and debates within the field of geomorphology. Written in an accessible and lively manner, it includes guides to further reading, chapter summaries, and an extensive glossary of key terms. The book is also illustrated throughout with over 200 informative diagrams and attractive photographs, all in colour.

Business Essentials Aug 28 2020

Proceedings of the Annual Meeting of the American Institute for Decision Sciences, St. Louis, Missouri, October 30-november 1, 1978 Oct 22 2022

Sum Jul 27 2020 At once funny, wistful and unsettling, *Sum* is a dazzling exploration of unexpected afterlives—each presented as a vignette that offers a stunning lens through which to see ourselves in the here and now. In one afterlife, you may find that God is the size of a microbe and unaware of your existence. In another version, you work as a background character in other people's dreams. Or you may find that God is a married couple, or that the universe is running backward, or that you are forced to live out your afterlife with annoying versions of who you could have been. With a probing imagination and deep understanding of the human condition, acclaimed neuroscientist David Eagleman offers wonderfully imagined tales that shine a brilliant light on the here and now.

A Colorado History, 10th Edition Feb 26 2023 Experience Colorado with this new, enlarged edition of *A COLORADO HISTORY*. For fifty years, the authors of this preeminent resource have led readers on an extraordinary exploration of how the state has changed—and how it has stayed the same. From the arrival of Paleo-Indians in the Mesa Verde region to the fast pace of the twenty-first century, *A COLORADO HISTORY* covers the political, economic, cultural, and environmental issues, along with the fascinating events and characters, that have shaped this dynamic state. In print for fifty years, this distinctive examination of the Centennial State is a must-read for history buffs, students, researchers—or anyone—interested in the remarkable place called Colorado.

Mandell, Douglas and Bennett's Infectious Disease Essentials E-Book Mar 23 2020 Brought to you by the expert editor team from *Principles and Practice of Infectious Diseases*, this brand-new handbook provides a digestible summary of the 241 disease-oriented chapters contained within the parent text. Boasting an exceptionally templated design with relevant tables and illustrations, it distills the essential, up-to-date, practical information available in infectious disease. This high-yield manual-style reference will prove useful for a wide variety of practitioners looking for quick,

practical, and current infectious disease information. Provides a digestible summary of the 241 disease-oriented chapters contained within Principles and Practice of Infectious Diseases, 8th Edition (ISBN: 978-1-4557-4801-3). Covers hot topics in infectious disease, such as Hepatitis B and C, Influenza, Measles, Papillomavirus, HIV, MERS, and C. difficile. Templated design includes relevant tables and illustrations. Ideal for the non-infectious disease specialist, including primary care physicians, physician assistants, nurse practitioners, students, residents, pharmacists, emergency physicians, and urgent care physicians.

The Tenth Man Nov 23 2022 The story of a man who buys his life in a moment of fear set in wartime occupied France.

Business Mar 27 2023 For Introduction to Business courses. This best-selling text by Ricky Griffin and Ronald Ebert provides students with a comprehensive overview of all the important functions of business. Each edition has introduced cutting-edge firsts while ensuring the underlying principles that guided its creation, Doing the Basics Best, were retained. The seventh edition focuses on three simple rules- Learn, Evaluate, Apply. - NEW- Chapter 2: Understanding the Environments of Business - This new chapter puts business operations in contemporary context, explaining the idea of organizational boundaries and describing the ways in which elements from multiple environments cross those boundaries and shape organizational activities. This chapter sets the stage as an introduction to some of the most important topics covered in the rest of the book, for example: - The Economics Environment includes the role of aggregate output, standard of living, real growth rate; GDP per capita; real GDP; purchasing power parity; and the Consumer Price Index. - The Technology Environment includes special attention to new tools for competitiveness in both goods and services and business process technologies, plus e

Ozu's Tokyo Story Jul 19 2022 Ozu's Tokyo Story is generally regarded as one of the finest films ever made. Universal in its appeal, it is also considered to be 'particularly Japanese'. Exploring its universality and cultural specificity, this collection of specially commissioned essays demonstrates the multiple planes on which the film may be appreciated. The introduction outlines Ozu's career as both a contract director of a major studio and as a singular figure in Japanese film history, and also analyses the director's cinematic style, particularly his narrative strategies and spatial compositions. Other essays situate Ozu's cinema in its relationship to Hollywood film-making: his relationship to aspects of Japanese tradition, situating the film within artistic modes, religious systems and beliefs, and socio-cultural and familial formations. Also included is an analysis of how Ozu has been misunderstood in Western criticism.

The Law and Regulation of Franchising in the EU Jul 07 2021 ÔMark AbellÕs book argues that the European franchising market fails to reach its potential as it remains unregulated. He supports this by analysing the historical legal and economic basics and risk/attraction profiles of franchising to franchisors and franchisee, compares the European situation to the highly developed regulatory regimes in the USA and Australia, and moves through to proposing and drafting a new EU directive to bring greater certainty and stability to cross border franchising in the EU. Comprehensively researched and very detailed, this book is a worthy contribution to the literature on the subject. Õ ð Graham Cunningham, Barrister, Hardwicke Key features of this detailed and insightful work include: ¥ Practical analysis from a leading authority in the field of franchising. ¥ Examination of the impact of both franchise specific and general commercial law upon use of franchising in the EU. ¥ Comparative legal analysis of the law of England, Germany, France, the US and Australia. ¥ Carefully constructed proposals for a franchise directive in the EU based on the vast experience of the author. ¥ A draft text for the proposed directive. The Law and Regulation of Franchising in the EU provides an in-depth analysis of the regulatory environment for franchising in the EU. Franchising in the EU comprises nearly 10,000 franchised brands and over Ū215 billion (US\$300 billion) turnover per annum. However, compared to its scale in the US and Australia, franchising is not realising its full potential in the EU and the author points to the lack of homogeneity across members states as a large part of the problem. The book concludes by arguing for the adoption of a draft directive, and proposes a draft directive, which promotes market confidence in franchising,

provides pre-contractual hygiene and imposes a mandatory taxonomy of rights and obligations. This highly topical and comprehensive work will appeal to franchise lawyers and franchise academics as this is the first book that analyses the impact of EU and member state law upon the use of franchising in the EU.

Business Essentials May 05 2021 Business Essentials' focus on practical skills, knowledge of the basics, and important developments in business makes for a brief book, but a rich experience. The recent events in domestic and global economies are presenting unprecedented challenges, excitement, and disappointments for business—and a need for a change in the Introduction to Business course and text. Rome Regulations Mar 15 2022 The law applicable to contractual and non-contractual obligations in cross-border civil and commercial matters in the European Union (EU) is the remit of the so-called Rome I and II Regulations that entered into force in 2009, supplemented by the Rome III Regulation of 2012 dealing specifically with divorce and legal separation. This article-by-article commentary – now updated to its third edition – has become a cornerstone resource in handling European cases involving conflict of laws. The occasion for publishing a third edition is that several landmark judgments on the conflict of laws have been recently rendered both by the Court of Justice of the EU and by domestic courts. Moreover, with Brexit, one of the largest European states will enter into a new form of relationship with the EU, which will specifically impact the conflict of laws. The effects of these major developments are reflected throughout the new edition's extensively revised article-by-article commentary. The commentary, authored by leading scholars of conflict of laws and drawing on a wide spectrum of case law and scholarship, highlights, among much else, such long-term implications of the Rome Regulations as the following: principles of interpretation; limiting the effects of forum shopping; limiting the trade-restricting effects of the fragmentation of national private laws; ensuring the free movement of persons; enhancement of legal certainty and predictability; and potential solutions for an agreement-based Brexit. It provides black letter law as represented by the jurisprudence of the Court of Justice of the EU and the Member State courts, as well as the latest academic opinion. In the current era of globalization, where communication, transaction, and migration across borders have transformed from exceptional to omnipresent phenomena, the pressing question is no longer if the state has to grant access to justice in international situations but how that right can be implemented effectively. To this end, renowned conflict of laws scholars analyse every provision of the Regulations in a systematic and thorough manner, making them accessible to a broad international legal audience. The result is an indispensable companion for academics, judges, lawyers, and legal professionals in their day-to-day work.

What the CEO Wants You to Know Apr 23 2020 A powerful lesson in what is really important in

business, this remarkable book by an ultimate insider takes the lessons of the peddler and reveals how they can be used by the rest of us. Reminiscent of bestsellers such as "Who Moved My Cheese?" and "The One-Minute Manager, What the CEO Wants You to Know" is simple, direct, and of immense use to everyone in business.

The Hollywood Reporter Jan 01 2021

The Horse Whisperer Jun 18 2022 #1 NEW YORK TIMES BESTSELLER • "A compelling portrait of three people who love each other but can't break through the self-created walls that keep them apart."—Chicago Sun-Times His name is Tom Booker. His voice can calm wild horses, his touch can heal broken spirits. And Annie Graves has traveled across a continent to the Booker ranch in Montana, desperate to heal her injured daughter, the girl's savage horse, and her own wounded heart. She comes for hope. She comes for her child. And beneath the wide Montana sky, she comes to him for what no one else can give her: a reason to believe. Praise for *The Horse Whisperer* "Compelling . . . a real page-turner."—San Francisco Chronicle "Fascinating . . . moving . . . a big, engrossing book [with] an unexpected ending that surprises mightily."—Los Angeles Times "Brilliance pervades this five-hankerchief weepie."—The Times (London) "Outstanding . . . a book of rare power and beauty."—Booklist

Focus on Adult Health Jun 25 2020 Focus on Adult Health: Medical-Surgical Nursing 2E separates the wheat from the chaff by drilling down to the essential content that students need to know. This book provides the foundation of medical-surgical nursing with core content, values, and skills. Focus on Adult Health: Medical-Surgical Nursing 2E is not designed to answer every question related to internal medical and surgical care. Instead the intentional design of the book is to give depth and breadth to the essentials. Written by nurses active in clinical practice, these expert clinicians know what qualifies as "need-to-know" content. This book includes rigorously researched current references and innovative technologies.

Foundation of Digital Badges and Micro-Credentials Oct 30 2020 This edited volume provides insight into how digital badges may enhance formal, non-formal and informal education by focusing on technical design issues including organizational requirements, learning and instructional design, as well as deployment. It features current research exploring the theoretical foundation and empirical evidence of the utilization of digital badges as well as case studies that describe current practices and experiences in the use of digital badges for motivation, learning, and instruction in K-12, higher education, workplace learning, and further education settings.
