Rescued by the Alien Space Pirate Feb 02 2021 The last thing Lexi remembers is a bright light flashing before her eyes before she's thrown into a cell with an enormous blue-skinned alien with black horns, a bladed tail, mountains of muscles and told to breed. Rase can't believe his fated mate is in his arms. He also can't believe he crash landed on the last planet he'd ever want to be on - that of the crime lord that wants himself and his brothers dead. He also won't bring himself to do the one thing that burns his blood to do and make love to his fated human female. Life doesn't last long here and he won't die and leave his mate possibly pregnant, helpless, alone and subject to the whims of the crime lord. Life hasn't been fantastic for Lexi, but being trapped in a cell with no privacy is the pits. Add to that a strange pull of attraction that's harder and harder to deny with an alien who tells her he is her fated mate and she's downright screwed. Figuratively and literally. Survival is doubtful, but Rase must act. He must escape the breeding cell, survive the fighting pits, save his exotic mate and end the reign of the biggest crime lord the ten Quadrant has ever known. If you like impossible odds, a corrupt all-powerful criminal, blue-skinned aliens and the tension of fated mates, you'll love Rescued by the Space Pirate. Each book in the series can be read as a standalone, but for maximum enjoyment, it's recommended that the series be read in order. Enticed by the Alien Warrior May 17 2022 Betrayal tastes like ashes on my tongue. I've always been the girl who's nothing but a pretty face. The one used to distract the warriors so the others can move our plans forward. But now? Now I have a chance to save us all. A chance to get us off this planet and back to Earth. Where we belong. Sure, this mysterious Braxian king may have helped us, and he may even make my skin tingle with an awareness I've never felt before. But it means nothing. Because he has enemies hiding around every corner. And they're asking me to betray him in exchange for a way off this planet. It doesn't matter that he sometimes looks at me like I'm someone special. Like he sees beyond my act and into the heart of me. Like I'm someone precious. And it definitely doesn't matter that when he looks at me, I want him to keep looking at me like that for the rest of his life. I'm his Judas. And even if he lives through what I'm planning, he'll never forgive me for this. I don't blame him. I'll never forgive myself either.

Bowie Feb 26 2023 Based on interviews with family members, colleagues, lovers, and the previously silent William Burroughs, this unsparing yet evenhanded biography guides the reader through the many personas, crises, and musical metamorphoses of David Bowie—also known as Davy Jones, the Laughing Gnome, Major Tom, Ziggy Stardust, Aladdin Sane, the Thin White Duke, a drug-addled grandfather of punk, actor, art aficionado, political activist, one of rock's most resonant icons, and a totem of modern pop culture. Nowhere else is the man and musician so convincingly deconstructed and so compellingly humanized.

Seized by the Alien Pirate (A SciFi Alien Romance) Jan 13 2022 War shaped him into a soldier. His love for me transformed him into a protector. Kintar has had a hard past. I can see it in his eyes. His strong arms wrapped around me, protect me from the madness of the galaxy. But it's his heart that gives me hope. His soul that brings me peace. Kintar will fight for me. He'll die for me. Nothing will stop him from giving his last breath for me. Nothing will stop him from forever freeing me from my enemies. Because he is my mate he will do these things. Because

The Moor, the Mason and the Alien Feb 20 2020 From the book: "Mother Earth had flung the star gates wide open this time. Coming out of the north, a messenger from the galactic community would reignite the fires of insurrection. Crossing the racial and sexual boundaries of lost knowledge and ancient wisdom, his words of sheer defiance would turn the tide against the transnational corporations and unite the ancient defenders of the throne." A visionary synthesis of alien contact, the Moorish Legacy, reincarnation and human origins, *The Moor, The Mason And The Alien* engages the reader with a radically ambitious scope of knowledge and wisdom, putting us on track with a magnificent interstellar experience through the paranormal and extraterrestrial terrains of ancient history, psychology, economics and current affairs. Ranging from the author's personal odyssey to the global issues we all face, Richard Smith serves up "a spiritual insurrection," an epic saga like no other representing the beginning of a new and riveting human adventure, taking the reader on an historical account of a global rebellion that begins with the Sasquatch going head to head with the Greys and transforms into the ancient Moorish Legacy of the Egyptian University System. Rooted in the extraterrestrial, paranormal and metaphysical experiences of the author himself, his path of awakening brings him face to face with an entity known as the Crone, a primordial relic of a much older galactic community. Representing an interstellar collective known as the Sisterhood, the Crone intentionally takes the author on an odyssey of self exploration into the human condition, forcing him to confront the reality of the Ancient Vendetta against humanity. Evolving into the 'Son of the Mother', his journey causes him to become the one person who realizes how to put it together. As the fate of Mother Earth hangs in the balance, the adventure escalates into a battle of wits pitting the Temple of Solomon and the Gene for Passion against the Corporate Titans of Orion in a global movement known as The Human Origins Revolution. The result of twenty years of paranormal experience, psychological analysis and metaphysical study of Earth's solar system and cosmology, *The Moor, The Mason And The Alien* provides a unique, unvarnished and revolutionary perspective on humanity's origins that is introspective, ethereal, apocalyptic and otherworldly all at the same time. RICHARD SMITH is an experienter, author, international speaker and radio host on the topic of UFOs, the Moorish Legacy and related matters. He was born in Tampa, Florida, in 1970. He grew up in Farmingdale, New York, playing baseball, soccer and the piano while studying art, math, science fiction and the cosmos. He earned an Associate's degree in Advertising Art and Design and a Bachelor's degree in Visual Arts and Communication at New York State University. He also received the Certificate of Achievement Award, honored for Outstanding Achievement, at New York State University for his dedicated work with Extraterrestrial Intervention and Alien Abduction Phenomena. He is an alumnus of both Farmingdale and Old Westbury colleges. Since publishing his experiences on the subject of alien contact in 1999, Richard has travelled throughout the U.S. speaking to audiences.

The Alien Book Mar 03 2021 Unmasking the mysteries of alien life on earth! Make mention of the word "alien" and it conjures images of black-eyed, large-headed, dwarfish beings that have come to be known as the Greys. Indeed, Greys have become a staple part of pop-culture, never mind just the field of UFO research. They've appeared in Steven Spielberg's classic 1977 movie, *Close Encounters of the Third Kind*. They regularly popped up in *The X-Files*. And, of course, there are numerous people - all across the world - who claim to have been abducted by the Greys and subjected to intrusive medical experiments. Yet, before the 1950s, the Greys were nowhere in sight. *The Alien Book: A Guide to Extraterrestrial Beings on Earth* shows that extraterrestrial life comes in all kinds, appearances, sizes, and bodies. They all have one thing in common, however: the human race has encountered them, and we continue to do so today. Not just dozens, or even hundreds, but thousands of eyewitness experiences have been reported. Covering hundreds of extraterrestrial life forms in more than 40 thematic chapters, this absorbing look at the mysteries of aliens on earth includes ... the Space Brothers: long-haired, very human-looking ETs the fiendish Reptilians: seven-to-eight-foot-tall predatory shapeshifters Men in Black beings: extremely pale-skinned, tall, and with huge eyes Black-eyed Children: anemic-looking kids with solid black eyes that might be ET-human hybrids Bigfoot the werewolf-like Dogmen jellyfish-style aliens that soar around the skies of our world the Shadow People: dangerous humanoids that terrorize people legendary Nephilim space-vampires: insect-like aliens that resemble a giant praying mantis and many, many more! *The Alien Book* investigates the full range of sentient, alien life forms. Some are benign and others downright deadly. Some are small, like a germ or virus that has NASA, creating guidelines to deal with an outbreak of an extraterrestrial germ. Some are big like a giant praying mantis or the biblical Goliath. They all lurk on Earth and in this chilling book! With more than 120 photos and graphics, this tome is richly illustrated. Its helpful bibliography and extensive index add to its usefulness.

Now, I just have to convince him to help me sneak into the dragon's territory and find Charlie, who the beast seems to think belongs to him. Cause the aliens who bought us? They weren't alone. Their friends are on their way to Agron. Us human women need to stick together if we're going to get off this planet alive. As for Vrex? If he helps me, I'll be in his debt. If there's one thing I've learned about the giant warrior, it's that he always gets what he's owed. I'd be lying if I said I wasn't looking forward to it...

Travails with the Alien Sep 28 2020 Satyajit Ray was a master of science fiction writing. Through his Professor Shonku stories and other fiction and non-fiction pieces, he explored the genre from various angles. In the 1960s, Ray wrote a screenplay for what would have been the first-of-its-kind sci-fi film to be made in India. It was called The Alien and was based on his own short story "Bonkubabur Bandhu". On being prompted by Arthur C. Clarke, who found the screenplay promising, Ray sent the script to Columbia Pictures in Hollywood, who agreed to back it, and Peter Sellers was approached to play a prominent role. Then started the "Ordeals of the Alien" as Ray calls it, as even after a series of trips to the US, UK and France, the film was never made, and more shockingly, some fifteen years later, Ray watched Steven Spielberg's film Close Encounters of the Third Kind and later E.T.: The Extra-Terrestrial, and realized these bore uncanny resemblances to his script The Alien, including the way the ET was designed! A slice of hitherto undocumented cinema history, Travails with the Alien includes Ray's detailed essay on the project with the full script of The Alien, as well as the original short story on which the screenplay was based. These, presented alongside correspondence between Ray and Peter Sellers, Arthur C. Clarke, Marlon Brando, Hollywood producers who showed interest, and a fascinating essay by the young student at Columbia University's Graduate School of Journalism who broke the Spielberg story, make this book a rare and compelling read on science fiction, cinema and the art of adaptation.

Protected by the Alien Space Pirate Sep 21 2022 Being a space pirate doesn't make a being rich, which was why Rhilax was dealing with the biggest crime lord in the ten quadrants against his better judgment. He doesn't know much about the job on offer, but he knows it'll pay for food and supplies for himself and his brothers. Maybe enough to find a nice, quiet planet somewhere, forget about a life of smuggling and finally settle down. He's certainly not prepared when a female slave, none the likes he'd seen before, is led naked, chained and helpless to be his fated mate. He definitely wasn't prepared when he obliterates his dream, along with the crime lord's head, kidnaps the female and makes a target of himself and his brothers - The crime lord has a brother and the brother wants them all dead. When their ship is destroyed, Rhilax and his brothers are blown into the far reaches of the known universe. To make matters worse, the escape pod is wrecked and his fated mate has escaped. Rhilax must find her before the crime lord's thugs, or the unknown creatures on this planet, and complete the bond before his mind is lost to the mating urge. She can't remember her name. Or her life before the cages. Maybe it's better not knowing. Being trapped in a cage and grieving a beautiful life would be the worst kind of torture. She's good at zoning out, but it gets harder and harder to disregard the massive blue-skinned alien who tells her he is her fated mate, whatever that is. All she knows is if she doesn't get away from him, she might never be free again. If you like impossible odds, wilderness planets, blue-skinned aliens and the tension of fated mates, you'll love *Protected by the Alien Space Pirate*. Saved by the Alien Warrior Aug 20 2022 I was abducted, sold, then crash-landed on a strange planet... only to be abducted again. And you know the funny thing? I barely even care. I'm numb. You see, I've already lost everything. When you're doing something you love, you never think that it could be the last time. That someone might take your life from you and leave you stranded on a planet where most of the locals are out to get you. Now I'm lying here, far from home, bleeding out in a trap built for a huge beast that could show up at any second and eat me. Which isn't quite how I pictured my death... But an alien warrior has found me instead. He says he can help me. Unfortunately, on this planet, I've heard that before. And it's never boded well for me. He's huge, arrogant, and he's got muscles in all the right places. Even a dying woman can appreciate the view when he takes off his shirt to keep me warm. I don't know if I even have it in me to save myself at this point, but two women are counting on me to get back to them with help. Can I trust the alien warrior to save us? Taken by the Alien Warrior Dec 24 2022 The aliens who stole me made a mistake. The Grivath have sold us on Gule- a planet where hope goes to die. The women who are imprisoned with me are in high demand and they all look like models. Me? I'm 5'2 shy, curvy, and a kindergarten teacher.

Maybe they really meant to take my pageant queen sister? If that's not bad enough, our ship has crashed and half of the women are missing. Did I mention the locals want to eat us? Insert the tall, incredibly-built warrior aliens, who saved us. Things are looking up, except that one of them is eyeing me like a snack, and not in a cannibalistic way-- if you catch my drift. Terex is tough, fierce, and bossy, and doesn't seem to understand that I can't stay and be his snuggle bunny. I'm not quite sure why he isn't chasing after one of the other women when every man I've ever known has overlooked me. But not Terex. When he looks at me, he doesn't seem to see chubby, awkward Ellie. And his gaze burns brighter instead of shifting away. Now, I've just got to convince him to help me find the other women and get back to Earth. Should be a piece of cake... Right?
