A Table in the Wilderness Mar 22 2020 The joyful premise at the heart of this book is that there is a table lavishly spread for all who hunger for forgiveness--the believer, the doubter, and the famished. The book's journey begins and ends with this assertion: not only is there a table of forgiveness set for us in the many wildernesses of life, there is a seat waiting for each and every one of us at that table. What matters is whether we take that seat and, if so, how we behave at the feast. Rooted in the notion of journeying, of setting out each day to discover some new vista along the many paths to the banquet hall of forgiveness, *A Table in the Wilderness* draws upon the wisdom of multiple religious traditions, as well as non-religious sources, in order to gain perspective on this long misunderstood subject. Readers are just as likely to encounter Dr. Seuss as they are to read the words of Sri Ramakrishna or Saint Augustine along the way. Anyone who has ever been hurt or has hurt another will find this book a helpful guide.

Human---God's Ineffable Name Jun 17 2022 Although Abraham Joshua Heschel (1907-1972) is well-known today-as a philosopher, a Jewish theologian and a social activist-Heschel the poet is not. Nevertheless, those who have read his writings in English, spiritual classics like *The Sabbath* and *Man is Not Alone*, and have been moved by the power of his prose and the subtlety of his expression, will not be surprised to find that in his youth he had actually published a volume of Yiddish poetry in the heyday of Yiddish literature before the Holocaust. The 66 precious poems of *Der Shem Ham'forash-Mentch*, published by Indsel Verlag in Warsaw in 1933, remained close to Heschel's heart all of his life, though few people knew of their existence. It was more than a decade after his passing before most of his admirers learned of them, being treated to a few tantalizing snippets in Samuel Dresner's anthology, *I Asked for Wonder* (a line taken from the dedication of *Der Shem Ham'forash-Mentch*). But what was unknown to most of Heschel's readers was that a complete translation of his poetry in English already existed in his lifetime; and still more amazing, it had been made by his younger contemporary, Zalman Schachter-Shalomi (b. 1924), who would himself become a towering figure in Jewish and world spirituality, but who at the time was just coming into his own and looked to the older Heschel as a mentor. As we learn in the introduction, the first drafts of these translations were given as gifts to Heschel after his heart attack in 1969 to cheer him through his convalescence (sometimes accompanied by recordings of Schachter-Shalomi reading both the Yiddish originals and the English translations!) Schachter-Shalomi notes that Heschel was satisfied with some of these early drafts and unsatisfied with others. The poems were deeply personal to him and the translations would need to be revised. Unfortunately, Heschel died before he and Schachter-Shalomi could come together to discuss a revision and the translations were put on a shelf. But now, in honor of the 40th anniversary of Heschel's passing, Schachter-Shalomi has taken them down again and completed his own revision for the modern reader of sacred poetry. Thus, we have in this volume something truly unique-the combined work and vision of two of the 20th century's greatest Jewish spiritual luminaries and master's of Yiddish!

The Blessing and the Curse: The Jewish People and Their Books in the Twentieth Century Feb 19 2020

An erudite and accessible survey of Jewish life and culture in the twentieth century, as reflected in seminal texts. Following *The People and the Books*, which "covers more than 2,500 years of highly variegated Jewish cultural expression" (Robert Alter, *New York Times Book Review*), poet and literary critic Adam Kirsch now turns to the story of modern Jewish literature. From the vast emigration of Jews out of Eastern Europe to the Holocaust to the creation of Israel, the twentieth century transformed Jewish life. The same was true of Jewish writing: the novels, plays, poems, and memoirs of Jewish writers provided intimate access to new worlds of experience. Kirsch surveys four themes that shaped the twentieth century in Jewish literature and culture: Europe, America, Israel, and the endeavor to reimagine Judaism as a modern faith. With discussions of major books by over thirty writers—ranging from Franz Kafka to Philip Roth, Elie Wiesel to Tony Kushner, Hannah Arendt to Judith Plaskow—he argues that literature offers a new way to think about what it means to be Jewish in the modern world. With a wide scope and diverse, original observations, Kirsch draws fascinating parallels between familiar writers and their less familiar counterparts. While everyone knows the diary of Anne Frank, for example, few outside of Israel have read the diary of Hannah Senesh. Kirsch sheds new light on the literature of the Holocaust through the work of Primo Levi, explores the emergence of America as a Jewish home through the stories of Bernard Malamud, and shows how Yehuda Amichai captured the paradoxes of Israeli identity. An insightful and engaging work from "one of America's finest literary critics" (*Wall Street Journal*), *The Blessing and the Curse* brings the Jewish experience vividly to life.

Abraham Geiger and the Jewish Jesus Sep 27 2020 Was Jesus the founder of Christianity or a teacher of Judaism? When 19th-century German religious reformer Abraham Geiger argued the latter, he began a debate that continues to this day. Here Susannah Heschel traces the genesis of Geiger's contention and examines the reaction to it within Christian theology. 3 photos.

Thinking about the Prophets Jul 26 2020 Rethinking the great literary prophets whose ministry ran from the eighth to the sixth centuries BCE--Amos, Hosea, First Isaiah, Jeremiah, Ezekiel, Second Isaiah, and Job--Thinking about the Prophets examines their often-shocking teachings in light of their times, their influence on later Western and Jewish thinkers, and their enduring lessons for all of us. As a noted scholar of Jewish philosophy, Kenneth Seeskin teases out philosophical, ethical, and theological questions in the writings, such as the nature of moral reasoning, the divine persona, divine providence, the suffering of the innocent, the power of repentance, and what it means to believe in a monotheistic conception of God. Seeskin demonstrates that great ideas are not limited by time or place, but rather once put forth, take on a life of their own. Thus he interweaves the medieval and modern philosophers Maimonides, Kant, Cohen, Buber, Levinas, Heschel, and Soloveitchik, all of whom read the prophets and had important things to say as a result. We come to see the prophets perhaps in equal measure as divinely authorized whistle-blowers and profound thinkers of the human condition. Readers of all levels will find this volume an accessible and provoking introduction to the enduring significance of biblical prophecy.

God in Search of Man Jan 12 2022 Abraham Joshua Heschel was one of the most revered religious leaders of the 20th century, and *God in Search of Man* and its companion volume, *Man Is Not Alone*, two of his most important books, are classics of modern Jewish theology. *God in Search of Man* combines scholarship with lucidity, reverence, and compassion as Dr. Heschel discusses not man's search for God but God's for man--the notion of a Chosen People, an idea which, he writes, "signifies not a quality inherent in the people but a relationship between the people and God." It is an extraordinary description of the nature of Biblical thought, and how that thought becomes faith.

The Aryan Jesus May 04 2021 Was Jesus a Nazi? During the Third Reich, German Protestant theologians, motivated by racism and tapping into traditional Christian anti-Semitism, redefined Jesus as an Aryan and Christianity as a religion at war with Judaism. In 1939, these theologians established the Institute for the Study and Eradication of Jewish Influence on German Religious Life. In *The Aryan Jesus*, Susannah Heschel shows that during the Third Reich, the Institute became the most important propaganda organ of German Protestantism, exerting a widespread influence and producing a nazified Christianity that placed anti-Semitism at its theological center. Based on years of archival research, *The Aryan Jesus* examines the membership and activities of this controversial theological organization. With headquarters in Eisenach, the

Institute sponsored propaganda conferences throughout the Nazi Reich and published books defaming Judaism, including a deJudaized version of the New Testament and a catechism proclaiming Jesus as the savior of the Aryans. Institute members--professors of theology, bishops, and pastors--viewed their efforts as a vital support for Hitler's war against the Jews. Heschel looks in particular at Walter Grundmann, the Institute's director and a professor of the New Testament at the University of Jena. Grundmann and his colleagues formed a community of like-minded Nazi Christians who remained active and continued to support each other in Germany's postwar years. The Aryan Jesus raises vital questions about Christianity's recent past and the ambivalent place of Judaism in Christian thought.

In This Hour: Heschel's Writings in Nazi Germany and London Exile Mar 26 2023 *In This Hour* offers the first English translations of selected German writings by Abraham Joshua Heschel from his tumultuous years in Nazi-ruled Germany and months in London exile, before he found refuge in the United States. Moreover, several of the works have never been published in any language. Composed during a time of intense crisis for European Jewry, these writings both argue for and exemplify a powerful vision of spiritually rich Jewish learning and its redemptive role in the past and the future of the Jewish people. The collection opens with the text of a speech in which Heschel laid out with passion his vision for Jewish education. Then it goes on to present his teachings: a set of essays about the rabbis of the Mishnaic period, whose struggles paralleled those of his own time; the biography of the medieval Jewish scholar and leader Don Yitzhak Abravanel; reflections on the power and meaning of repentance, written for the High Holidays in 1936; and a short story on Jewish exile, written for Hanukkah 1937. The collection closes with a set of four recently discovered meditations—on suffering, prayer, spirituality, and God—in which Heschel grapples with the horrors unfolding around him. Taken together, these essays and story fill a significant void in Heschel's bibliography: his Nazi Germany and London exile years. These translations convey the spare elegance of Heschel's prose, and the introduction and detailed notes make the volume accessible to readers of all knowledge levels. As Heschel teaches history, his voice is more than that of a historian: the old becomes new, and the struggles of one era shed light on another. Even as Heschel quotes ancient sources, his words address the issues of his own time and speak urgently to ours.

The Tenacity of Unreasonable Beliefs Oct 09 2021 *The Tenacity of Unreasonable Beliefs* examines how and why Jewish, Christian, and Muslim fundamentalists defend their belief in the divine authorship of the Bible and the Koran against evidence to the contrary from scholarship and science, and the harmful and dangerous consequences of their beliefs.

The Prophets Nov 22 2022 Abraham Heschel is a seminal name in religious studies and the author of *Man Is Not Alone* and *God in Search of Man*. When *The Prophets* was first published in 1962, it was immediately recognized as a masterpiece of biblical scholarship. *The Prophets* provides a unique opportunity for readers of the Old Testament, both Christian and Jewish, to gain fresh and deep knowledge of Israel's prophetic movement. The author's profound understanding of the prophets also opens the door to new insight into the philosophy of religion.

The Gods Are Broken! Mar 02 2021 The story of Abraham smashing his father's idols might be the most important Jewish story ever told and the key to how Jews define themselves. In a work at once deeply erudite and wonderfully accessible, Rabbi Jeffrey K. Salkin conducts readers through the life and legacy of this powerful story and explains how it has shaped Jewish consciousness. Offering a radical view of Jewish existence, *The Gods Are Broken!* views the story of the young Abraham as the "primal trauma" of Jewish history, one critical to the development of a certain Jewish comfort with rebelliousness and one that, happening in every generation, has helped Jews develop a unique identity. Salkin shows how the story continues to reverberate through the ages, even in its connection to the phenomenon of anti-Semitism. Salkin's work—combining biblical texts, archaeology, rabbinic insights, Hasidic texts (some never before translated), philosophy, history, poetry, contemporary Jewish thought, sociology, and popular culture—is nothing less than a journey through two thousand years of Jewish life and intellectual endeavor.

The Wisdom of Heschel Dec 23 2022 "Philosophy may be defined as the art of asking the right questions...Awareness of the problem outlives all solutions. The answers are questions in disguise, every new

answer giving rise to new questions." This example of Rabbi Heschel's thought and manner of expression, familiar to the readers of his many books, serves as an epigraph to *The Wisdom of Heschel*. As Ruth Goodhill says in her foreword, "These selections from the works of the prophetic giant of the twentieth century, Abraham Joshua Heschel, represent my personal response to his writings. This book, conceived during his lifetime, is offered as an introduction to his thought and to his profound understanding of the agonies of modern society." Most of the selections are taken from *God in Search of Man*, *The Insecurity of Freedom*, *Man Is Not Alone*, *The Sabbath*, *The Prophets*, and *Who Is Man?* Among the categories in which the excerpts have been grouped are "Questions Man Asks," "Man's Needs," "Caring for Our Old," "Teaching Our Young," "Law," "The Sabbath," and "One World."

Abraham Joshua Heschel Dec 11 2021 *The Teleological Discourse of Barack Obama*, by Richard Leeman, provides an in-depth analysis of President Barack Obama's speeches and writings to explain the power of the 44th president speaking. Highly regarded for his eloquent and inspiring rhetoric, Obama is often compared to Roosevelt, Kennedy, and Dr. Martin Luther King, Jr. However, Leeman's study shows that Obama's teleological philosophy and discourse more closely resembles Ronald Reagan's rhetoric.

We Need To Build May 24 2020 From the former faith adviser to President Obama comes an inspirational guide for those who seek to promote positive social change and build a more diverse and just democracy. The goal of social change work is not a more ferocious revolution; it is a more beautiful social order. It is harder to organize a fair trial than it is to fire up a crowd, more challenging to build a good school than it is to tell others they are doing education all wrong. But every decent society requires fair trials and good schools, and that's just the beginning of the list of institutions and structures that need to be efficiently created and effectively run in large-scale diverse democracy. *We Need to Build* is a call to create those institutions and a guide for how to run them well. In his youth, Eboo Patel was inspired by love-based activists like John Lewis, Martin Luther King Jr., Badshah Khan, Mahatma Gandhi, Mother Teresa, Dorothy Day, Abraham Joshua Heschel, and Thich Nhat Hanh. Their example, and a timely challenge to build the change he wanted to see, led to a life engaged in the particulars of building, nourishing, and sustaining an institution that seeks to promote positive social change—Interfaith America. Now, drawing on his twenty years of experience, Patel tells the stories of what he's learned and how, in the process, he came to construct as much as critique and collaborate more than oppose. His challenge to us is clear: those of us committed to refounding America as a just and inclusive democracy need to defeat the things we don't like by building the things we do.

Abraham Joshua Heschel Nov 10 2021 A biography of the rabbi Abraham Joshua Heschel, who became a symbol of the marriage between religion and social justice "When I marched in Selma, I felt my legs were praying." So said Polish-born American rabbi Abraham Joshua Heschel (1907–1972) of his involvement in the 1965 Selma civil rights march alongside Martin Luther King Jr. Heschel, who spoke with a fiery moralistic fervor, dedicated his career to the struggle to improve the human condition through faith. In this new biography, author Julian Zelizer tracks Heschel's early years and foundational influences—his childhood in Warsaw and early education in Hasidism, his studies in late 1920s and early 1930s Berlin, and the fortuitous opportunity, which brought him to the United States and saved him from the Holocaust, to teach at Hebrew Union College and the Jewish Theological Seminary. This deep and complex portrait places Heschel at the crucial intersection between religion and progressive politics in mid-twentieth-century America. To this day Heschel remains a symbol of the fight to make progressive Jewish values relevant in the secular world.

As Good as Anybody Feb 13 2022 MARTIN LUTHER KING, Jr. and Abraham Joshua Heschel. Their names stand for the quest for justice and equality. Martin grew up in a loving family in the American South,

at a time when this country was plagued by racial discrimination. He aimed to put a stop to it. He became a minister like his daddy, and he preached and marched for his cause. Abraham grew up in a loving family many years earlier, in a Europe that did not welcome Jews. He found a new home in America, where he became a respected rabbi like his father, carrying a message of peace and acceptance. Here is the story of two icons for social justice, how they formed a remarkable friendship and turned their personal experiences of discrimination into a message of love and equality for all.

Who Is Man? Apr 22 2020 One of the world's most illustrious and influential theologians here confronts one of the crucial philosophical and religious questions of our time: the nature and role of man. In these three lectures, originally delivered in somewhat different form as The Raymond Fred West Memorial Lectures at Stanford University in May 1963, Dr. Heschel inquires into the logic of being human: What is meant by being human? What are the grounds on which to justify a human being's claim to being human? In the author's words, "We have never been as openmouthed and inquisitive, never as astonished and embarrassed at our ignorance about man. We know what he makes, but we do not know what he is or what to expect of him. Is it not conceivable that our entire civilization is built upon a misinterpretation of man? Or that the tragedy of man is due to the fact that he is a being who has forgotten the question: Who is Man? The failure to identify himself, to know what is authentic human existence, leads him to assume a false identity, to pretending to be what he is unable to be or to not accepting what is at the very root of his being. Ignorance about man is not lack of knowledge, but false knowledge."

Man Is Not Alone Jun 05 2021

I Asked for Wonder Apr 15 2022 The excerpts in this book have been grouped around the major themes of Heschel's spiritual vision, God, Prayer, Sabbath, Religion, and so on.

Abraham Joshua Heschel Oct 21 2022 "Through Heschel, Held's work reaches out more broadly to treat us to a profound discussion of the great issues in contemporary Jewish theology" (Arthur Green, Hebrew College Rabbinical School). Abraham Joshua Heschel (1907–1972) was a prolific scholar, impassioned theologian, and prominent activist who participated in the black civil rights movement and the campaign against the Vietnam War. He has been hailed as a hero, honored as a visionary, and endlessly quoted as a devotional writer. In this sympathetic, yet critical, examination, Shai Held elicits the overarching themes and unity of Heschel's incisive and insightful thought. Focusing on the idea of transcendence—or the movement from self-centeredness to God-centeredness—Held puts Heschel into dialogue with contemporary Jewish thinkers, Christian theologians, devotional writers, and philosophers of religion. "Shai Held's book is a master class in one of the most significant Jewish voices of our time." —Tablet "In this lucid and elegant study, one of the keenest minds in Jewish theology in our time probes the vision of one of the most profound spiritual writers of the twentieth century, uncovering a unity that others have missed and shedding light not only on Heschel but also on the characteristically modern habits of mind that impede the knowledge of God. The book is especially valuable for the connections it draws with other philosophers, theologians, and spiritual writers, Jewish and Christian. Enthusiastically recommended!" —Jon D. Levenson, Harvard University "[A] thoughtful, illuminating new study of Heschel's thought . . . It is one of the many virtues of Shai Held's book that it helps us to place Heschel alongside not only Kaplan but Halevi, Horowitz, and Rav Nahman, as well as the Psalmist." —Jewish Review of Books

Dynamic Judaism Oct 29 2020 Mordecai M. Kaplan began his life's journey with the confines of a small Lithuanian town on the outskirts of Vilna. He was born on a Friday evening in June of 1881. Kaplan's submergence in a total Jewish atmosphere is illustrated by the fact that he knew his day of birth only by the Jewish calendar until he went to the New York Public Library as a young man to look up the corresponding date. Kaplan's family was a traditional one in every aspect, and his father, Israel Kaplan, was a learned man.

Spiritual Radical May 16 2022 This ambitious book explores the relationship between time and history and shows how an appreciation of long-term time helps to make sense of the past. For the historian, time is not an unproblematic given but, as for the physicist or the philosopher, a means to understanding the changing patterns of life on earth. The book is devoted to a wide-ranging analysis of the way different societies have conceived and interpreted time, and it develops a theory of threefold roles of continuity, gradual change, and revolution that together form a 'braided' history. Linking the interpretative chapters are intriguing brief expositions on time travel, time cycles, time lines and time pieces, showing readers the different ways in which human history has been located in time. In its global approach the book is part of the new shift towards 'big history', in which traditional period divisions are challenged in favour of looking again at the entire past of the world from start to end. The approach is thematic. The result is a view of world history in which outcomes are shown to be explicable, once they happen, but not necessarily predictable before they do. This book will inform the work of historians of all periods and at all levels, and contributes to the current reconsideration of traditional period divisions (such as Modernity and Postmodernity), which the author finds outmoded.

Man's Quest for God Apr 03 2021 Offers insights that speak to the essence of prayer.

Thunder in the Soul Dec 31 2020 "Abraham Joshua Heschel, descended from a long line of Orthodox rabbis, fled Europe to escape the Nazis. He made the insights of traditional Jewish spirituality come alive for American Jews while speaking out boldly against war and racial injustice"--

Radical Judaism Feb 01 2021 How do we articulate a religious vision that embraces evolution and human authorship of Scripture? Drawing on the Jewish mystical traditions of Kabbalah and Hasidism, path-breaking Jewish scholar Arthur Green argues that a neomystical perspective can help us to reframe these realities, so they may yet be viewed as dwelling places of the sacred. In doing so, he rethinks such concepts as God, the origins and meaning of existence, human nature, and revelation to construct a new Judaism for the twenty-first century.

The Sabbath Sep 08 2021 Elegant, passionate, and filled with the love of God's creation, Abraham Joshua Heschel's *The Sabbath* has been hailed as a classic of Jewish spirituality ever since its original publication-- and has been read by thousands of people seeking meaning in modern life. In this brief yet profound meditation on the meaning of the Seventh Day, Heschel, one of the most widely respected religious leaders of the twentieth century, introduced the influential idea of an 'architecture of holiness' that appears not in space but in time. Judaism, he argues, is a religion of time: it finds meaning not in space and the materials

things that fill it but in time and the eternity that imbues it, so that 'the Sabbaths are our greatcathedrals.'
